

Environmental Policy

West Australian Mechanical Services will continually improve its business performance and conduct its operations in an environmentally responsible manner, clearly reflecting a commitment to fostering the sustainable use of the Earth's resources.

West Australian Mechanical Services will

- Conform to the requirements of AS/NZS 14001.
- Minimise environmental impacts and disturbances at all levels of operation.
- Enable the continual improvement of our environmental performance including the reduction of wastes and the more efficient use of resources.
- Incorporate environmental better practice into all technological solutions.
- Ensure we work closely with our clients, suppliers, local communities, and other interested parties to continually improve our processes in environmental better practice.
- Foster the initiation and ownership of environmental activities by all our staff, thereby inculcating a strong environmentally aware business culture.
- Ensure that environmentally responsible work practices are provided and maintained.
